****** IMPORTANT DEGREE AUDIT INFORMATION ******

This degree audit will assist you in tracking the academic requirements you must meet. This audit is not an official transcript. Final confirmation that you have met all requirements is subject to school approval.

This report assumes successful completion of all requirements marked as "in progress" (IP) If courses taken to meet these requirements are not successfully completed, they will no longer appear as satisfying those requirements.

Codes at the end of the requirements, e.g. (RQ-12), are used to code student exceptions for our degree auditors.

University Level Requirements (RG-159)

Overall Requirement Not Satisfied: University Requirements

******IN PROGRESS GRADES**** (R-1219)**

If this student currently has courses in progress in this section, the student will not be ready to graduate until receiving final grades.

PLEASE NOTE: Degrees cannot be conferred while an "I" grade remains on a transcript/audit. A student who has an "I" grade at the end of semester and has also applied to graduate in that same semester, must reapply to graduate in an upcoming semester in order for degree conferral to take place and a diploma to be awarded.
